Hamburg, 28th December 2007

ICAS 18 at Stockholm-Arlanda Airport

When:

15.01.2008 09:30 – 17:00

16.01.2008 09:00 – 16:00

Industry Speakers:

Mr. Tony Lo Brutto (Sensis) - Sensis "new" MDS

Mr. Robert Ohlson (SAAB Systems) - SAAB's Radar tracker FOX and e-strip system

How to find the way to the meeting room?

The meeting will take place in the Tower building. The Tower is located just outside the Terminal buildings on the Landside. You will probably arrive at Terminal 5 or 2. In any case you shall walk to the "Sky city" which is a public shopping and restaurant area between the Terminals. In the middle of the main hall of Sky city you have to take the escalators 2 floors down and walk straight ahead through a tunnel leading to a parking lot. The tower is now straight ahead 150 m. There will be signs from Sky city with "ICAS" on showing the way.

Transportation

Transportation to the city is best done by the "Arlanda Express" train. The trip takes 20 minutes and a ticket costs 240 SEK (EUR 25).

Actual Information about ICAS 18 are available on the web page:
