Organized by

In cooperation with

The second ENRI International Workshop on ATM/CNS (EIWAC 2010)

Call for Papers

November 10-12
Tokyo, Japan

Workshop Description

After a successful meeting in 2009, we are pleased to announce ENRI's second International Workshop on ATM/CNS (EIWAC 2010). The theme is: "Foresee: Safety, Efficiency, and Environment".

There is worldwide activity in research and development of modern air traffic management (ATM) and its enabling technology in Communication, Navigation and Surveillance (CNS).

In the Asian countries, too, pioneering work is necessary to contribute to the global harmonization of all air-transportation services.

At this workshop, leading experts from research, industry and academia will meet to share their ideas and their approaches.

Topics

The workshop will focus on new concepts and developments in the following areas:

- Air Traffic Management
- Communication
- Navigation (GNSS)
- Surveillance
- Aircraft Operations
- Safety Research
- Human Factors
- Aircraft Systems
- Aviation Weather & Environment

www.enri.go.jp/eiwac/2010/

Contributions

Written contributions to topics mentioned earlier or similar ones are sought. Papers with innovative ideas or technical progress will be preferred by the local program committee.

Please submit your abstract (one A4 page) to eiwac@enri.go.jp

The deadline for the submission is April, 5th 2010.

Program

The workshop will contain invited talks from research, industry and academia, technical sessions and a panel discussion.

A technical tour will be organized for interested visitors.

The workshop language is English. Japanese translation will be provided on occasion.

For an up-to-date program, please refer to the workshop page:
<http://www.enri.go.jp/eiwac/2010/>

Organization

Organizing Committee (ENRI)

Katsuyuki Nakatsubo
Hisae Aoyama
Tadashi Koga
Naoki Kanada
Ken-ichi Saito
Masatoshi Katayama
Daijiro Handa

Program Committee

Kazuo Yamamoto (ENRI)
Masatoshi Harigae (JAXA)
Takeshi Tsuchiya (Univ. of Tokyo)
Jun Kitaori (ENRI)
Sakae Nagaoka (ENRI)
Claus Gwiggner (ENRI)
Kota Kageyama (ENRI)

Supporters

The workshop is kindly supported by the following organizations (expected):

- Japan Society for Aeronautical and Space Science (JSASS)
- The Institute of Electronics, Information and Communication Engineers (IEICE)
- The Japan Institute of Navigation (JIN)
- The Institute of Positioning, Navigation and Timing (IPNTJ)
